County Finances Show Precinct 2 In Best Shape

Precinct 2 of Jones County out in the black financially last month for the first time in almost a year, tell back into the red this month, the monthly auditor's report shows.

Commissioner Tom Boyd started the month off with \$2,771.70, received new income of \$2,439.88, but total expenses were \$6,825.04, to bring about a deficit of \$2,013.46.

When Boyd took office in January, the deficit was about \$15,000 but this figure has been whittled down and expenditures have been cut in an attempt to operate within the budget.

Commissioner Johnny Agnew of Precinct 2 continues to be in the strongest financial position. The report showed the precinct had a balance of \$36,571.67. Lem Rurak, in Precinct 3, had a balance of \$23,242.15, and J. E. Touchstone in Precinct 4 had a balance of \$29,411.62.

JONES COUNTY BOLL WEEVIL COUNT HIGHEST IN AREA

Jones County has the heaviest boll weevil infestation counts of any county in the rolling plains area, according to information this week from County Agent, Kirby Clayton, and J. C. Hayes with the local Farmers Home Administration. Infestation counts have run as high as 15 weevils per 100 feet of row in the young cotton. If the overwintered weevils are not controlled, infestation counts are expected to be so high in the late season that

Three Cotton Insect Meetings Planned In Jones County

Jones County Agent, Kirby Clayton announced this week that there will be a series of three cotton insect meetings during the week of June 17-24th in Jones County. The meetings will be held according to the following schedule: Nelda Community Building, 8:00 p.m. June 17th; Noodle School House, 8:00 p.m. June 18th; Erichsdahe Church, 8:00 p.m. June 24th.

These meetings are being held to bring farmers up to date on the latest control recommendations and to study the general insect situation in Jones County. All Cotton farmers are invited to attend.

Rev. John Ferguson Assumes Pastoral Duties Here Sunday

Rev. John Ferguson, new pastor of the Faith Methodist Church and the McCaulley Methodist Church, assumed his duties here with service Sunday.

Rev. Ferguson moved here Thursday from Hereford. He has formerly pastored churches in Hermleigh, Hereford and near Merkel at the Pioneer Memorial Methodist Church.

Mrs. Ferguson is the former Joyce Cox of Merkel. They have three children, Debbie, 19, a sophomore at West Texas State College, Canyon, is now visiting friends at Canyon and near Merkel for about three weeks.

Their son, Jack, 15, is spending several weeks working on a ranch at Vigo Park. He will be a sophomore this fall. He was active in football and basketball at Hereford Junior High School.

Renee, 13, will be in the eighth grade.

control measures will be extremely difficult and costly. Infestation counts are not limited to the south part of the county but are being found all over Jones County, says Clayton.

A boll weevil survey made here during the week of May 20th by the Texas A. & M. College Extension Service, Texas Department of Agricultural and The Plant Pest Control Division of the U.S.D.A. revealed that weevils were emerging from hibernation at a very rapid rate into the fields of young cotton. Since that time, insect counts have continued to increase to damaging proportions.

Clayton recommends that all cotton farmers who have overwintered weevils, spray with one of the recommended insecticides before the squares are one-third grown and make one or two additional applications at seven day intervals, to control the overwintered weevils. Additional applications should be applied on the basis of infestation counts.

If farmers follow these general recommendations, it should cut weevil infestation counts to a minimum, cut down on the amount of late season applications necessary and make harvesting earlier.

For further information on the Cotton Insect situation, contact your County Agent.

Prewit Motors Low On Two Truck Bids For Jones County

Bids were opened Monday by Jones County Commissioners Court on two dump trucks but no action was taken inasmuch as two commissioners were absent. One of them, Johnny Agnew of Precinct 1, had requested bids on one of the trucks. The other truck will be used in Precinct 4.

Apparent low bidder was Prewit Motors of Hamlin, bidding on Dodge trucks. Prewit's bid was \$4797 for the two vehicles, with a reduction of \$180 if six cylinder motors are bought. This would mean a base bid of \$2398 for the eight cylinder and \$2308 for the six cylinder.

Only \$19.90 separated the next two lowest bidders, Lawrence Hall Chevrolet Co. of Anson and Trail Chevrolet Co. of Stamford. Hall's bid was \$2673.90 while that of Trail, on the same truck was \$2693. Both of these cars had six-cylinder motors.

Carl Murrell Chevrolet Co. of Hamlin submitted a bid of \$2795 for a six-cylinder Chevrolet.

Albritton Motors Co. of Hamlin offered a six-cylinder GMC truck for \$2887.11.

Middlebrook Ford Sales of Anson bid \$3355.11 on a Six-cylinder Ford.

Stamford Farm Equipment Co. offered an International truck for \$2829.91.

FAIRVIEW NEWS

By MRS. ELMER JOINER

All news is good news, weatherwise, this Monday morning. No rain has fallen the past week, outside of little showers, so every one has their cotton planted and most of it is up. Feed crops are really looking good, some of the maize is heading, although not much maize has been planted this year.

No preaching services were held yesterday morning in our

church, after Sunday School a business session was held, then Sunday night Rev. Kenneth Leverett came and preached to us again.

Mr. and Mrs. Fred Rosenbaum went to Stanton last Friday to attend the funeral of Amos Barnes, former resident of McCaulley, who died of a heart attack. Mrs. Barnes is a niece of Mr. Rosenbaum.

Mr. and Mrs. Roy Taylor, Muleshoe, visited with the Joiners awhile Thursday, enroute home after spending a few days at their cabin on the new lake near Breckenridge. They report that some water is catching in the main basin of the lake and they are really looking forward to the lake getting full, when they will have water to use and can go down and stay and fish.

Mr. and Mrs. Buck Joiner and children, came from Odessa Saturday night to visit until Monday with relatives and friends.

Dorothy Gray left by bus Sunday afternoon to go to Amerillo, where she will attend beauty school again this summer. She will stay with her sister, Mr. and Mrs. Marvin Johnson and boys.

Mrs. Woodrow Goodwin and Linda, Mrs. Jack Wicker and girls, all went to Abilene Thursday afternoon.

Mr. and Mrs. J. D. King, Midland, spent Saturday night with her sister, Mr. and Mrs. Fred Rosenbaum, then Sunday they all went to Waco, where they attended the Downey reunion. Then Sunday night they came back by Fort Worth and spent the night with their brother, Mr. and Mrs. D. T. Downey and daughter.

Word was received Friday night that Mrs. Henry Kee, Lubbock, sister of Elmer Joiner, had had surgery in Methodist Hospital, Friday morning. Sunday night she was reported to be doing fine and would be glad to receive cards at room 210, Methodist Hospital, Lubbock.

The Joiners also received word Sunday morning that his cousin, Mrs. Arthur Rutherford, Stamford, had suffered a stroke Saturday night. He went to visit her Sunday afternoon and found her to be in a serious condition.

Mr. and Mrs. Bill Clements and girls, of Abilene, ate lunch and spent the day with Mr. and Mrs. Jack Wright and children.

Mrs. Bill Newland reports that her granddaughter Vicki Newland, had an appendectomy at the hospital Friday. She is the daughter of Mr. and Mrs. Bo Newland, both former residents of our community, she is also a granddaughter of Mr. and Mrs. Watts Fletcher.

Mr. and Mrs. Joe Ford, Mr. and Mrs. H. L. Ford, visited with Mr. and Mrs. Winson Gray Sunday afternoon.

Sunday afternoon visitors of Mr. and Mrs. Woodrow Goodwin, were Mr. and Mrs. Bill Neville, and son.

Mr. and Mrs. Raligh Bond went to Buffalo Gap Saturday and Sunday, where about sixty or seventy of the Bond family met for a family reunion.

Mr. and Mrs. Jimmy Joiner and children came by Friday on their way to Carlsbad, New Mexico, where they will visit with Mr. and Mrs. Elmer Smith and go through the cavern, then enroute home will visit with Mr. and Mrs. Wilton Hays of Monahans.

The people in our community express our sympathy to the family of Mrs. Fred Brown, former resident of Hamlin, who recently moved to Turkey, where he will pastor a church in the loss of her father, who passed away Sunday in Dallas.

Mr. and Mrs. Jack Wright and Keenan, went with Melinda last night to the closing exercises of vacation Bible school, at the Foursquare Church. Melinda had attended vacation Bible school with the children of Mr. and Mrs. Monroe Tabb.

This reporter hopes to be able to report before too long where she has been. Staying home is fun for awhile, but it surely can get old, and it will be good to be able to get in full swing again, working and going places.

WORLDS TO Conquer!

Many Young People have just recently stepped out of the world of training and study, and now look to make their spot in the world. These words of encouragement are written for you.

New frontiers are still there to be conquered, there is a place of service for you. Do not be afraid, for in the strength of your youth, you can accomplish much, however, do not shun the advice and help of others. Above all, seek the knowledge of the Lord.

"Thou shalt guide me with thy counsel." Psalm 73:24

ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Years Ago...

FIVE YEARS AGO

Only one property owner had not signed a right-of-way deed on the straightening and widening project of Highway 92 from Hamlin to Stamford Tuesday morning, according to County Judge H. C. (Pete) Andrews. And that owner, on the extreme eastern end of the right-of-way stretch, had agreed to sign the necessary papers.

West Texas Utilities

Grandma may talk about the good old days, but a whole team of horses couldn't drag her back to an old fashioned kitchen. When you compare the two pictures, you observe an important fact. All the marvelously improved conveniences you see are made possible by electricity — every single one. Yes, electricity makes the difference, and what a difference it makes! It eliminates drudgery and creates more leisure time by performing countless tasks in the home at the flip of a switch. It turns factory wheels, lights the darkness, and does all these things effortlessly and economically. That is one of two reasons why the use of electricity is increasing here in the Center of the Southwest. The other is that more people, more businesses, more industries are coming our way. Our expansion program is keyed to this increase, for we are convinced our service area faces GROWTH UNLIMITED.

Home-Building Abuses—Reported abuses of home building practices and loans were the subject of a recently conversation between Governor Connally and Lubbock District Attorney Alton Griffin, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 per cent home financing is achieved by cushioning appraisals and other

real estate sales documents.

Appointments—Connally appointed three new members to the State Bank in Pasadena, and Rex Baker Jr., president of Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Fields, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, vice-president of the

PATTERSON-HODGES VOWS READ HERE SATURDAY NIGHT

Wedding vows were repeated Saturday evening in the First Baptist Church for Cynthia Jo Patterson, daughter of Mr. and Mrs. LaFoy Patterson and Sam Mack Hodges, son of Mr. and Mrs. Sam Hodges. The candlelight ceremony was held at 7:30 p.m. with the Rev. Lenard Hartley, pastor, reading the double ring vows.

Presenting nuptial music were S. L. Tate, vocalist, and Mrs. Henry Albritton, organist.

The bride, given in marriage by her father, wore a formal gown of white peau de soie covered with alencon lace. The pleated skirt was accented with a draped lace tier and unpressed pleats falling to a chapel train. The fitted bodice featured a square neckline with lace scalloped. Her elbow length veil of silk illusion was held by a tiara of seed pearls. Her bouquet was of white cattleya orchids and stephanotis atop a white satin covered Bible.

Her jewelry was a star sapphire pendant, gift of the bridegroom, and a gold bracelet which had belonged to her paternal grandmother.

The couple stood before an archway covered with jade greenery. Two pairs of candelabra centered with a candle tree formed the background. Standing baskets of white gladioli and daisies and potted jade plants completed the setting.

Mrs. Raymond Davis of Greenville was her sister's matron of honor. She wore a street length dress of powder blue silk with a scoop neckline and skirt of unpressed pleats. Her headdress was an eye length veil of tulle attached to a crown of powder blue velvet. She carried a cascade bouquet of kilian daisies.

What a difference

Grandma may talk about the good old days, but a whole team of horses couldn't drag her back to an old fashioned kitchen. When you compare the two pictures, you observe an important fact. All the marvelously improved conveniences you see are made possible by electricity — every single one. Yes, electricity makes the difference, and what a difference it makes! It eliminates drudgery and creates more leisure time by performing countless tasks in the home at the flip of a switch. It turns factory wheels, lights the darkness, and does all these things effortlessly and economically. That is one of two reasons why the use of electricity is increasing here in the Center of the Southwest. The other is that more people, more businesses, more industries are coming our way. Our expansion program is keyed to this increase, for we are convinced our service area faces GROWTH UNLIMITED.

Home-Building Abuses—Reported abuses of home building practices and loans were the subject of a recently conversation between Governor Connally and Lubbock District Attorney Alton Griffin, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 per cent home financing is achieved by cushioning appraisals and other

real estate sales documents.
Appointments—Connally appointed three new members to the State Bank in Pasadena, and Rex Baker Jr., president of Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Fields, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, vice-president of the

company that manufactures Haggard slacks for men.
Haggard replaced Armistead Rust of San Angelo.
Carr's Chores Lightened—After August 23, the governor will have to make 15 more state board appointments. These 15 citizens named will take the place of just one man—Attorney General Waggoner Carr.

TREATMENT OF WOUNDS NEEDED IN FIGHT AGAINST SCREWORM

Ground control (immediate
treatment of all wounds re-
gardless of cause) is of major
importance in the screwworm
eradication program at this
time. County Agent, Kirby Clay-
ton, said today that it's that
time of year when screwworm
cases normally begin a rapid
increase and cautioned all
livestock producers to be even
more alert in their checking
for possible worm cases.

The screwworm will be er-
adicated by your constant vigi-
lance, Clayton said. He advised

livestock producers to treat
every wound regardless of cause,
including those from castra-
tion, sheep and goat shearing,
docking, dehorning, wire cuts,
or others, with approved ma-
terials. These include EQ-335
or 5 percent Korlan as smears
or 5 percent Co-Ral as a dust.
These are recommended for
use on all surgical cases, Clay-
ton said.

He listed the use of .25 per-
cent (twenty-five hundredths)
Co-Ral or .5 percent (five-
tenths) Korlan as a spray for
control of livestock pests.

Clayton further suggested
that all livestock be checked at
least once each week and more
often if practical for screw-
worm signs.

He emphasized the need for
even better reporting of all
worm cases and the importance
of taking worm samples from
ver infested wound. Be extra
observant of all new livestock
brought onto the farm or ranch,
Clayton said.

County Finances Show Precinct 2 In Best Shape

Precinct 2 of Jones County out in the black financially last month for the first time in almost a year, fell back into the red this month, the monthly auditor's report shows.

Commissioner Tom Boyd started the month off with \$2,771.70, received new income of \$2,439.88, but total expenses were \$6,825.04, to bring about a deficit of \$2,013.46.

When Boyd took office in January, the deficit was about \$15,000 but this figure has been whittled down and expenditures have been cut in an attempt to operate within the budget.

Commissioner Johnny Agnew of Precinct 2 continues to be in the strongest financial position. The report showed the precinct had a balance of \$36,571.67. Lem Rurak, in Precinct 3, had a balance of \$23,242.15, and J. E. Touchstone in Precinct 4 had a balance of \$29,411.62.

JONES COUNTY BOLL WEEVIL COUNT HIGHEST IN AREA

Jones County has the heaviest boll weevil infestation counts of any county in the rolling plains area, according to information this week from County Agent, Kirby Clayton, and J. C. Hayes with the local Farmers Home Administration. Infestation counts have run as high as 15 weevils per 100 feet of row in the young cotton. If the overwintered weevils are not controlled, infestation counts are expected to be so high in the late season that

Three Cotton Insect Meetings Planned In Jones County

Jones County Agent, Kirby Clayton announced this week that there will be a series of three cotton insect meetings during the week of June 17-24th in Jones County. The meetings will be held according to the following schedule: Noida Community Building, 8:00 p.m. June 17th; Noodle School House, 8:00 p.m. June 18th; Erichsdale Church, 8:00 p.m. June 24th.

These meetings are being held to bring farmers up to date on the latest control recommendations and to study the general insect situation in Jones County. All Cotton farmers are invited to attend.

Rev. John Ferguson Assumes Pastoral Duties Here Sunday

Rev. John Ferguson, new pastor of the Faith Methodist Church and the McCauley Methodist Church, assumed his duties here with service Sunday.

Rev. Ferguson moved here Thursday from Hereford. He has formerly pastored churches in Hereford, Hereford and near Merkel at the Pioneer Memorial Methodist Church.

Mrs. Ferguson is the former Joyce Cox of Merkel. They have three children, Debbie, 19, a sophomore at West Texas State College, Canyon, is now visiting friends at Canyon and Hereford for about three weeks.

Their son, Jack, 15, is spending several weeks working on a ranch at Vigo Park. He will be a sophomore this fall. He was active in football and basketball at Hereford Junior High School.

Rena, 13, will be in the eighth grade.

control measures will be extremely difficult and costly. Infestation counts are not limited to the south part of the county but are being found all over Jones County, says Clayton.

A boll weevil survey made here during the week of May 20th by the Texas A. & M. College Extension Service, Texas Department of Agricultural and The Plant Pest Control Division of the U.S.D.A. revealed that weevils were emerging from hibernation at a very rapid rate into the fields of young cotton. Since that time, insect counts have continued to increase to damaging proportions.

Clayton recommends that all cotton farmers who have overwintered weevils, spray with one of the recommended insecticides before the squares are one-third grown and make one or two additional applications at seven day intervals, to control the overwintered weevils. Additional applications should be applied on the basis of infestation counts.

If farmers follow these general recommendations, is should cut weevil infestation counts to a minimum, cut down on the amount of late season applications necessary and make harvesting earlier.

For further information on the Cotton Insect situation, contact your County Agent.

Prewitt Motors Low On Two Truck Bids For Jones County

Bids were opened Monday by Jones County Commissioners Court on two dump trucks but no action was taken inasmuch as two commissioners were absent. One of them, Johnny Agnew of Precinct 1, had requested bids on one of the trucks. The other truck will be used in Precinct 4.

Apparent low bidder was Prewitt Motors of Hamlin, bidding on Dodge trucks. Prewitt's bid was \$4797 for the two vehicles, with a reduction of \$180 if six cylinder motors are bought. This would mean a base bid of \$2398 for the eight cylinder and \$2308 for the six cylinder.

Only \$19.90 separated the next two lowest bidders, Lawrence Hall Chevrolet Co. of Anson and Trail Chevrolet Co. of Stamford. Hall's bid was \$2673.90 while that of Trail, on the same truck was \$2693. Both of these cars had six-cylinder motors.

Carl Murrell Chevrolet Co. of Hamlin submitted a bid of \$2795 for a six-cylinder Chevrolet.

Albritton Motors Co. of Hamlin offered a six-cylinder GMC truck for \$2887.11.

Middlebrook Ford Sales of Anson bid \$3355.11 on a Six-cylinder Ford.

Stamford Farm Equipment Co. offered an International truck for \$2829.91.

By MRS. ELMER JOINER

All news is good news, weatherwise, this Monday morning. No rain has fallen the past week, outside of little showers, so every one has their cotton planted and most of it is up. Feed crops are really looking good, some of the maize is heading, although not much maize has been planted this year.

No preaching services were held yesterday morning in our

church, after Sunday School a business session was held, then Sunday night Rev. Kenneth Leverett came and preached to us again.

Mr. and Mrs. Fred Rosenbaum went to Stanton last Friday to attend the funeral of Amos Barnes, former resident of McCauley, who died of a heart attack. Mrs. Barnes is a niece of Mr. Rosenbaum.

Mr. and Mrs. Roy Taylor, Muleshoe, visited with the Joiners, awhile. Thursday, enroute home after spending a few days at their cabin on the new lake near Breckenridge. They report that some water is catching in the main basin of the lake and they are really looking forward to the lake getting full, when they will have water to use and can go down and stay and fish.

Mr. and Mrs. Buck Joiner and children, came from Odessa Saturday night to visit until Monday with relatives and friends.

Dorothy Gray left by bus Sunday afternoon to go to Amarillo, where she will attend beauty school again this summer. She will stay with her sister, Mr. and Mrs. Marvin Johnson and boys.

Mrs. Woodrow Goodwin and Linda, Mrs. Jack Wicker and girls, all went to Abilene Thursday afternoon.

Mr. and Mrs. J. D. King, Midland, spent Saturday night with her sister, Mr. and Mrs. Fred Rosenbaum, then Sunday they all went to Waco, where they attended the Downey reunion. Then Sunday night they came back by Fort Worth and spent the night with their brother, Mr. and Mrs. D. T. Downey and daughter.

Word was received Friday night that Mrs. Henry Kee, Lubbock, sister of Elmer Joiner, had had surgery in Methodist Hospital, Friday morning. Sunday night she was reported to be doing fine and would be glad to receive cards at room 210, Methodist Hospital, Lubbock.

The Joiners also received word Sunday morning that his cousin, Mrs. Arthur Rutherford, Stamford, had suffered a stroke Saturday night. He went to visit her Sunday afternoon and found her to be in a serious condition.

WORLDS TO

Conquer!

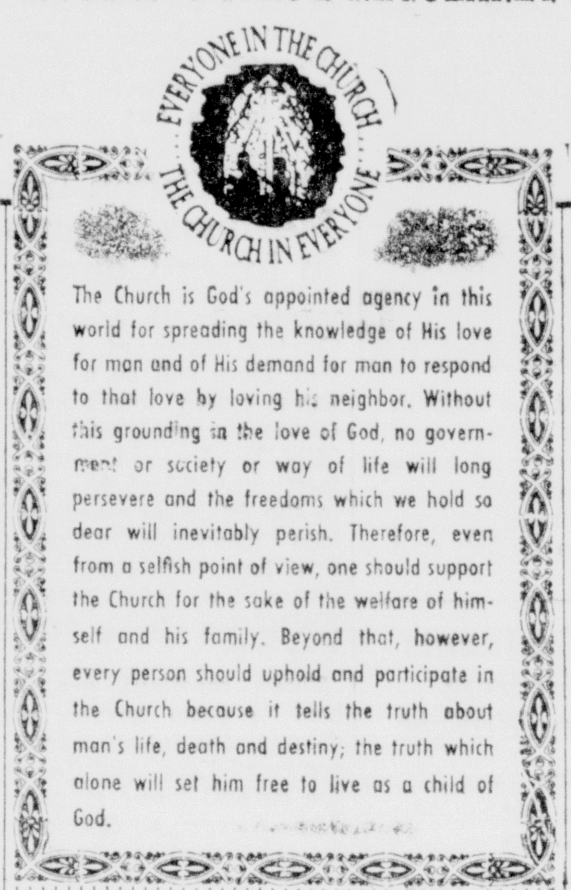

Many Young People have just recently stepped out of the world of training and study, and now look to make their spot in the world. These words of encouragement are written for you.

New frontiers are still there to be conquered, there is a place of service for you. Do not be afraid, for in the strength of your youth, you can accomplish much, however, do not shun the advice and help of others. Above all, seek the knowledge of the Lord.

"Thou shalt guide me with thy counsel." Psalm 73:24

ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Home-Building Abuses—Reported abuses of home building practices and loans were the subject of a recently conversation between Governor Connally and Lubbock District Attorney Alton Griffin, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 per cent home financing is achieved by cushioning appraisals and other

real estate sales documents.

Appointments—Connally appointed three new members to the State Bank in Pasadena, and Rex Baker Jr., president of Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Fields, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, vice-president of the

Home-Building Abuses—Reported abuses of home building practices and loans were the subject of a recently convened and Lubbock District Attorney Alton Griff'n, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 per cent home financing is achieved by cushioning appraisals and other

real estate sales documents.

Appointments—Connally appointed three new members to the State Bank in Pasadena, and Rex Baker Jr., president of Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Fields, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, vice-president of the

company that manufactures Haggard slacks for men.

TREATMENT OF WOUNDS NEEDED IN FIGHT AGAINST SCREWORM

Ground control (immediate treatment of all wounds regardless of cause) is of major importance in the screwworm eradication program at this time. County Agent, Kirby Clayton, said today that it's that time of year when screwworm cases normally begin a rapid increase and cautioned all livestock producers to be even more alert in their checking for possible worm cases.

The screwworm will be eradicated by your constant vigilance, Clayton said. He advised

livestock producers to treat every wound regardless of cause, including those from castration, sheep and goat shearing, docking, dehorning, wire cuts, or others, with approved materials. These include EQ-335 or 5 percent Korlan as smears or 5 percent Co-Ral as a dust. These are recommended for use on all surgical cases, Clayton said.

He listed the use of .25 percent (twenty-five hundredths) Co-Ral or .5 percent (five-tenths) Korlan as a spray for control of livestock pests.

Clayton further suggested that all livestock be checked at least once each week and more often if practical for screwworm signs.

He emphasized the need for even better reporting of all worm cases and the importance of taking worm samples from ver infested wound. Be extra observant of all new livestock brought onto the farm or ranch, Clayton said.
